Carpinteria Valley Water District

H₂KNOW

Happy New Year from the Board of Directors and Staff!

Central Zone Transmission Main Project is Underway!

The Central Zone Transmission Main (CZ Main) Project is a 12-inch transmission main running along El Carro Lane from El Carro Park to Santa Monica Creek. The installation of the main is being done by using horizontal drilling techniques to minimize disruption to traffic and damage to roads. In fact, except for pipe “entry” and “exit” pits in the roads, most of the pipeline construction is not visible to the public. Completion of the project is anticipated around the end of March. Below is a map of the pipeline and the area affected.

January Holiday Schedule

The District Office will be **closed Monday, January 17, 2011** in observance of the Martin Luther King, Jr. Holiday.

In case of emergency, call (805) 684-2816 for assistance.

El Distrito es bilingue. Favor de llamar (805) 684-2816 con cualquier pregunta sobre su cuenta o el uso de agua, estamos aqui para asistirlos.

“Save Our Water” Door Hanger With Conservation Tips

Many times we are not aware that our sprinklers are spraying the pavement or may be broken because the irrigation controller goes off early in the morning or late at night. Friendly door hangers developed by the Save Our Water Program to alert neighbors of sprinkler problems and other inefficient practices are available at the District office for pick up or call Rhonda at (805) 684-2816 x116 if you would like one mailed to you. To view the door hanger, visit the ***What’s New*** section of our website, www.cvwd.net

Board of Directors Meetings

The Board of Directors has approved a new Board meeting place and schedule.
