INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors
Carpinteria Valley Water District:**

Report on the Financial Statements

We have audited the accompanying basic financial statements of the Carpinteria Valley Water District (the "District") as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Carpinteria Valley Water District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, as well as the accounting systems prescribed by the State Controller's Office and state regulations governing special districts; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the State Controller's *Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Carpinteria Valley Water District as of June 30, 2021 and 2020, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America, as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 12, the California Public Employees' Retirement System Schedule of Carpinteria Valley Water District's Proportionate Share of the Net Pension Liability on page 50, the California Public Employees' Retirement System Schedule of Carpinteria Valley Water District's Contributions on page 51, and the Other Post-Employment Benefits (OPEB) Plan Schedule of Changes in the Net OPEB Liability and Related Ratios on page 52, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Prior Year Information

The financial statements of the District, as of and for the year ended June 30, 2020, were audited by other auditors whose report, dated December 9, 2020, expressed an unmodified opinion on those statements.

CARPINTERIA VALLEY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis of the District's financial performance provides an overview of the District's financial activities for the years ended June 30, 2021 and 2020. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL STATEMENTS

This discussion and analysis provides an introduction and a brief description of the District's financial statements, including the relationship of the statements to each other and the significant differences in the information they provide. The District's financial statements include four components:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows
- Notes to the Financial Statements

The statement of net position includes all the District's assets and deferred outflows, and liabilities and deferred inflows, with the difference between the two reported as net position. Net position may be displayed in the categories:

- Net Investment in Capital Assets
- Restricted
- Unrestricted

The statement of net position provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

The statement of revenues, expenses and changes in net position presents information which shows how the District's net position changed during the year. All of the current year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses and changes in net position measures the success of the District's operations over the past year and determines whether the District has recovered its costs through user fees and other charges.

The statement of cash flows provides information regarding the District's cash receipts and cash disbursements during the year. This statement reports cash activity in four categories:

- Operations
- Noncapital financing
- Capital and related financing
- Investing

This statement differs from the statement of revenues, expenses and changes in net position because the statement accounts only for transactions that result in cash receipts or cash disbursements.

The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

CARPINTERIA VALLEY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL HIGHLIGHTS

- For the year ending June 30, 2021, the assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources by \$25,842,170. Of this amount, referred to as net position, 54% or \$14,046,147 is unrestricted and may be used for the District's operating expenses, ongoing obligations and future capital projects. The remaining net position is net investment in capital assets of \$11,213,273 or 43%, or restricted for debt service payments and reserves of \$582,750 or 2%. At June 30, 2020, unrestricted net position was \$11,651,489 or 49%, net investment in capital assets was \$9,799,381 or 42%, and restricted net position was \$2,350,852 or 9%.
- At the end of fiscal year 2020, the District's net position decreased by \$669,729 or 3% from the prior year. This decrease is primarily due to a net decrease in operating income of \$80,342 or 9%, an increase in interest expense of \$248,101 or 14%, and decreased infrequent or unusual net expenses and capital contributions of \$119,833 as compared to the fiscal year ended June 30, 2019.

Adopted Financial Accounting Standards

During the fiscal year ended June 30, 2021, the District adopted one new statement of financial accounting standards issued by GASB: Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. Interest cost incurred is now recognized as an expense in the period in which the cost incurred. Prior to implementation a portion of interest cost was capitalized as part of the historical cost of capital assets. There was no material impact to the financial statements as a result of the implementation of this standard.

During the fiscal year ended June 30, 2020, the District adopted one new statement of financial accounting standards issued by GASB: Statement No. 95, *Postponement of Effective Dates of Certain Authoritative Guidance*. There was no impact on the basic financial statements due to the implementation of this standard.

FINANCIAL POSITION

The District's overall financial position continues to be strong and provides sufficient liquidity to support stable, ongoing operations. There are no restrictions, commitments or other limitations that would significantly affect the availability of fund resources for future use. Capital assets have continued to increase as new connections and investments continue to be made to upgrade and replace necessary infrastructure and facilities.

Analysis of changes in Total Net Position from June 30, 2020 to June 30, 2021:

For the twelve months ended June 30, 2021, the District's total net position increased by \$2,285,373 or 10% from the prior year. The amount of net position invested in capital assets, net of related debt, increased by \$1,413,89 or 14% primarily due paying down related debt which was partially offset by current year depreciation exceeding capital asset additions, such as additions to the transmission, distribution and metered services infrastructure (Note 4). Restricted net position decreased \$1,523,177 or 72% primarily due to the use of restricted funds for bond principal payments and bond reserve funds (Note 3 and Note 5). Unrestricted net position, the amount which may be used to meet the District's ongoing obligations, including future capital investments, increased by \$2,394,658 or 21%.

Capital Assets

At June 30, 2021, the District had \$45,580,088 invested in net capital assets, including construction in progress. This amount represents a decrease of \$339,493 or 0.7% over the prior year. See Note 4 for a summary of the capital assets by asset type.

- Capital expenditures in the fiscal year ended June 30, 2021 included maintenance and upgrades to the transmission, distribution and service infrastructure as well as maintenance and upgrades to water treatment equipment and tanks and reservoirs. Large expenditures included water pipeline replacements and extensions on Linden and Casitas overpasses.

CARPINTERIA VALLEY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Condensed Statement of Net Position – *Analysis:* (Continued)

Long-Term Liabilities

At the end of the current fiscal year, the District had long term debt of \$38,338,844 which is a net decrease of \$18,077,647, or 32% over the fiscal year ended June 30, 2020, primarily due to April 2020 bond proceeds disbursed after the prior fiscal year end. See Note 5 for additional detailed information about the District's long-term debt.

- In the fiscal year ended June 30, 2021, principal payments on long term debt were \$1,815,591 (Note 5).
- In the fiscal year ended June 30, 2021, long term liabilities decreased by \$3,300,252 primarily due to the prefunding of the Net Pension Liability which was funded by the 2020B bond proceeds.

Analysis of changes in Total Net Position from June 30, 2019 to June 30, 2020:

For the twelve months ended June 30, 2020, the District's total net position decreased by \$669,729 or 3% from the prior year. The amount of net position invested in capital assets, net of related debt, increased by \$177,581 or 2% primarily due to an increase in long-term debt related to refunding bonds (Note 5). Restricted net position increased \$368,548 or 21% primarily due to unexpended refunding bond proceeds (Note 5). Unrestricted net position, the amount which may be used to meet the District's ongoing obligations, including future capital investments, decreased by \$1,215,858 or 9%.

Capital Assets

At June 30, 2020, the District had \$45,919,581 invested in net capital assets, including construction in progress. This amount represents an decrease of \$867,211 or 2% over the prior year. See Note 4 for a summary of the capital assets by asset type.

- Capital expenditures in the fiscal year ended June 30, 2020, included maintenance and upgrades to the transmission, distribution and service infrastructure as well as maintenance and upgrades to water treatment equipment and tanks and reservoirs. Large expenditures included projects related to CalTrans overpass water lines and planning for an advanced water purification plant, as well as construction of a sentry well to monitor for saltwater intrusion into the District's groundwater basin.

Long-Term Liabilities

At the end of the current fiscal year, the District had long term debt of \$56,352,158 which is a net increase of \$20,633,162, or 58%, over the fiscal year ended June 30, 2019, primarily due to refunding bond proceeds received prior to June 30, 2020, but used to pay down long-term debt after June 30, 2020. See Note 5 for additional detailed information about the District's long-term debt.

- In the fiscal year ended June 30, 2020, principal payments on long term debt were \$2,175,290 exclusive of debt retirement (Note 5).
- In the fiscal year ended June 30, 2020, long term debt liabilities increased by \$263,351.

Definitions:

Water Sales and Service Charges: Water sales, based on the amount of water consumed, and service charges, based on meter location and size, type of service account and historical water consumption.

Capital Recovery Fees: One-time fees paid to connect to the water distribution infrastructure.

Fire Protection: Revenue associated with providing service to private fire suppression systems.

**CARPINTERIA VALLEY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Condensed Statement of Revenues, Expenses, and Changes in Net Position – *Analysis:* (Continued)

Analysis of Changes in Operating Revenues from June 30, 2020 to June 30, 2021:

Water sales and service charge revenue increased \$968,360 or 7% in fiscal year ended June 30, 2021, primarily due to an increase in water sales by 955 acre feet or 28%. Grant revenues increased by \$265,571 due to a Groundwater Sustainability Plan grant from the State of California Department of Water Resources. Capital recovery fees increased \$104,123 or 64% primarily due to an increase in the number of fire service installation projects. Other operating revenues increased \$103,738 or 73% primarily due to increases in asset disposal revenues and in Cachuma Operations and Maintenance Board return of unexpended funds, and to the return of unexpended 2020 refunding bond proceeds. Total operating revenues increased \$1,447,564 or 10%.

Analysis of changes in Operating Revenues from June 30, 2019 to June 30, 2020:

Water sales and service charge revenue increased \$587,434, or 5%, in the fiscal year ended June 30, 2020, due to an increase in water sales by 374 acre feet or 11%, as well as rate structure modifications. Capital recovery fees decreased \$553,552, or 77%, primarily due to a decrease in residential development projects over the prior year. Other operating revenues decreased \$138,255, or 49%, primarily due to decreases in returned Cachuma Operations and Maintenance Board unexpended funds and insurance joint powers authority retrospective premium adjustment fund refunds. Total operating revenues decreased \$58,125, or less than 1%.

Operating Expenses

Definitions:

Cost of Purchased Water: Water purchased from the Cachuma Project as well as Central Coast Water Authority (CCWA) and Department of Water Resources (DWR) variable costs.

CCWA Source of Supply: CCWA bond principal & interest, CCWA operating expenses and DWR fixed costs.

Cachuma Operating Expense: Cachuma Operations and Maintenance Board (COMB) operating expenses, special projects, storm damage, barge operation and safety of dam (SOD) expenses.

Pumping Expense: Maintenance of wells and pumping equipment as well as power and telephone for pumping.

Water Treatment: Cater Treatment Plant, chlorination, AB3030 groundwater management plan updates, and water quality and water testing expenses.

Transmission & Distribution: Maintenance of mains, hydrants and meters, engineering expenses, vehicle maintenance, cross connection expenses and other miscellaneous expenses.

Customer Accounting and Service: Meter reading and customer service orders, and uncollectible accounts.

General & Administrative: Salaries and benefits, legal expenses, administration, utilities, water conservation, Cachuma Conservation Release Board cost share, auditor fees and public information.

Depreciation and Amortization: Depreciation and amortization of District capital and intangible assets.

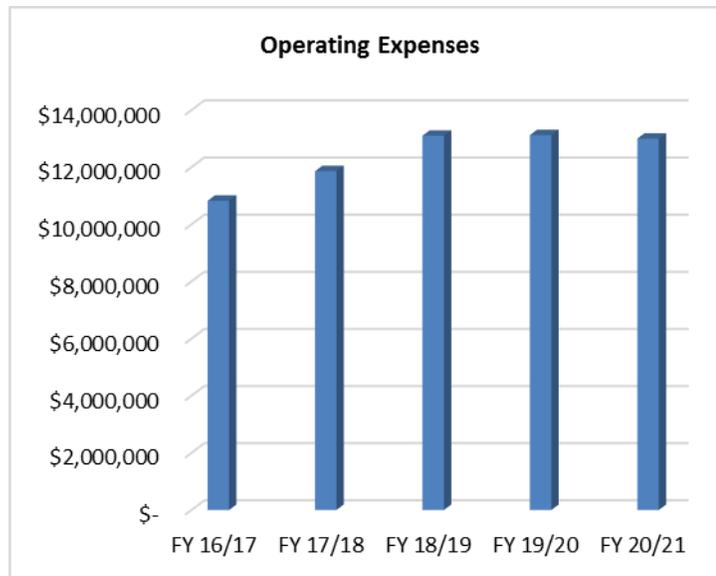

Overhead charged to Customers: Overhead on work orders.

**CARPINTERIA VALLEY WATER DISTRICT

Total Operating Expenses	<u>\$ 10,823,002</u>	<u>\$ 11,862,188</u>	<u>\$ 13,101,293</u>	<u>\$ 13,123,510</u>	<u>\$ 12,999,686</u>

Analysis of Changes in Operating Expenses from June 30, 2020 to June 30, 2021:

- Overall operating expenses decreased by \$123,823 or 1%.
- CCWA source of supply expense decreased by \$489,334 or 13% due to reduced CCWA and DWR operating expenses.
- Water Treatment costs increased \$269,459 or 20% primarily due to an increase in water processed of 1,299 acre feet or 44%.
- General and administrative costs increased \$268,026 or 9% primarily due to increased administrative professional services related to a cost-of-service study and to a GASB 75 related adjustment to the other post-employment benefit (OPEB) liability.

**CARPINTERIA VALLEY WATER DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS**

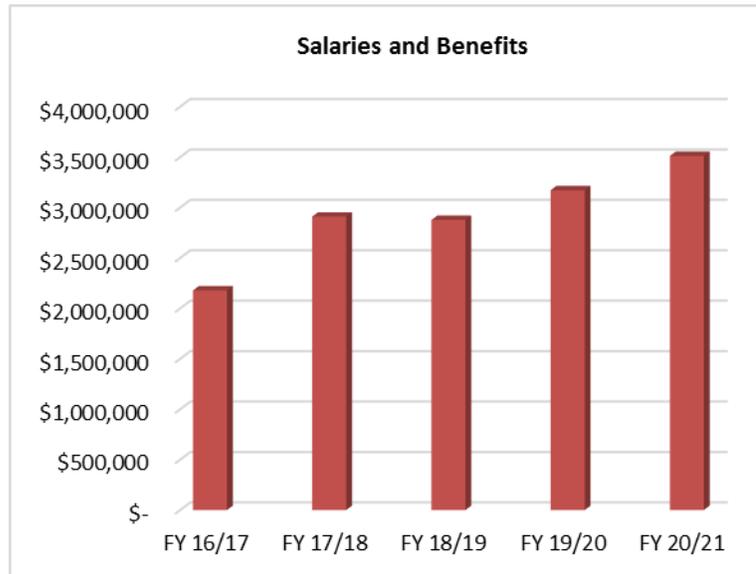

Condensed Statement of Revenues, Expenses, and Changes in Net Position – *Analysis:* (Continued)

Analysis of changes in Operating Expenses from June 30, 2019 to June 30, 2020:

- Overall operating expenses increased by \$22,217, or less than 1%.
- Cost of purchased water decreased \$653,831, or 56%, primarily due to decreases in water purchased via exchange agreements and decreased DWR variable costs.
- CCWA source of supply increased \$510,007 or 16% primarily due to increased DWR fixed costs.
- Cachuma operating expense decreased \$213,450, or 26%, primarily due to decreases in COMB operating expenses.
- General and administrative costs increased \$331,114 or 13% primarily due to increases in employee retirement and insurance benefit expenses and to increases in professional services and vehicle fleet expenses

**CARPINTERIA VALLEY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Condensed Statement of Revenues, Expenses, and Changes in Net Position – *Analysis:* (Continued)

Analysis of Changes in Salaries and Benefits from June 30, 2020 to June 30, 2021:

Salaries and benefits expenses increased \$339,973 or 11% primarily due to GASB Statements No. 68 and 75 related adjustments, an increase in employer retirement contribution rates and a 2% cost of living adjustment.

Analysis of changes in Salaries and Benefits from June 30, 2019 to June 30, 2020:

Salaries and benefits expenses increased \$293,925 or 10% primarily due to an increase in employer retirement contribution rates and a 2.5% cost of living adjustment.

Non-Operating Income and Expenses

Analysis of changes in Non-Operating Income (Expenses) from June 30, 2020 to June 30, 2021:

Non-operating income (expenses) of \$(1,157,492) consisted primarily of interest expense of \$1,267,270 partially offset by \$109,778 of interest revenue.

Capital contributions of \$1,009,174 consisted entirely of customer funded extensions to water service line installations and upgrades and fire hydrant installations, and to a state funded overpass main line replacement.

Analysis of changes in Non-Operating Income (Expenses) from June 30, 2019 to June 30, 2020:

Non-operating income (expenses) of \$(1,630,251) consisted primarily of interest expense of \$1,925,481 partially offset by \$295,230 of interest revenue.

Capital contributions of \$69,500 consisted entirely of customer-funded extensions to water service line installations and upgrades and fire hydrant installations.

Infrequent and unusual income of \$28,719 arose from insurance proceeds for damages from the Thomas Fire of December 2018.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 1 – Reporting Entity and Summary of Significant Accounting Policies

A) Reporting Entity

The Carpinteria Valley Water District (the “District”) (formerly known as Carpinteria County Water District) was incorporated on February 13, 1941 under authority of the California County Water Districts Act. By contract dated April 17, 1953, the District entered into an agreement with the U.S. Bureau of Reclamation for the construction of a distribution system to serve approximately 96% of the District, thereby creating Improvement District #1. The District is governed by a Board of Directors consisting of five members elected from voters of the District.

B) Accounting Basis

The District reports its activities as an enterprise fund, which is used to account for operations where the intent of the District is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. Revenues and expenses are recognized on the accrual basis, as such, revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

An enterprise fund is accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and liabilities (whether current or noncurrent) associated with the activity are included on the statement of net position.

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and the producing and delivering of goods in connection with the District's principal ongoing operations. The principal operating revenues of the District are charges to customers for water sales. Operating expenses of the District include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C) Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all highly liquid investments (including restricted assets) with a maturity period, at purchase, of three months or less to be cash equivalents.

D) Basis for Recording Accounts Receivable and Allowance for Doubtful Accounts

The District grants credit to its customers, substantially all of whom are residents and businesses in Carpinteria, California. The District charges doubtful accounts arising from water receivables to bad debt expense when it is probable that the accounts will be uncollectible.

E) Inventories

The District’s inventories are recorded at cost on the first-in, first-out basis.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 1 – Reporting Entity and Summary of Significant Accounting Policies (Continued)

F) Restricted Assets

These assets consist of cash and other monetary assets restricted by outside parties for various purposes.

G) Long Term Assets

Property, plant and equipment and intangible assets are valued at cost. The capitalization threshold for all capital asset purchases is \$5,000. Donated property is valued at estimated acquisition value on the date donated. The assets, excluding land, are depreciated or amortized using the straight line method over estimated useful lives. Intangible assets consist of contract renegotiation costs and title transfers. The title transfers are being amortized over the life of the capital asset that was part of the transfer and the contract renegotiation costs are being amortized over the life of the contract.

Estimated useful lives are:

Buildings	30 years
Improvements other than buildings	25 years
Furnishings, machinery and equipment	5 years
Transmission and distribution infrastructure	30 years
Wells and water treatment infrastructure	30 years
Water storage infrastructure	30 years
Water delivery infrastructure	25 years
Intangible assets	25-30 years

H) Budgetary Procedures

The District prepares an annual budget which includes estimates of its principal sources of revenue to be received during the fiscal year, as well as estimated expenditures and reserves needed for operation of District facilities.

I) Compensated Absences

The District's personnel policies provide for accumulation of vacation and sick leave. Liabilities for vacation and sick leave are recorded when benefits are earned. Cash payment of unused vacation and sick leave is available to those qualified employees when retired or terminated.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 1 – Reporting Entity and Summary of Significant Accounting Policies (Continued)

J) Net Position

Net position represents the difference between assets and deferred outflows, and liabilities and deferred inflows, and is classified into three components as follows:

Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net investment in capital assets excludes unspent debt proceeds.

Restricted net position exists when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted net position consists of net position that does not meet the definition of “restricted” or “net investment in capital assets.”

It is the District's policy to first apply restricted resources when expenses are incurred for purposes for which both restricted and unrestricted resources are available.

K) Concentration of Credit Risk

The District grants credit to its customers, substantially all of whom are residents and businesses of the Carpinteria Valley.

L) Construction Advances

Construction advances represent deposits received in advance of construction, which are refundable if the applicable construction does not take place. Construction advances are transferred to contributed capital when the applicable construction is completed.

M) Prepaid expenses

Prepaid expenses consist primarily of State water debt service and operating expenses through the Central Coast Water Authority.

N) Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Carpinteria Valley Water District's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 1 – Reporting Entity and Summary of Significant Accounting Policies (Continued)

O) Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB Plan (OPEB Plan) and additions to/deductions from the OPEB Plans' fiduciary net position have been determined on the accrual basis of accounting. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

P) Implementation of New GASB Accounting Pronouncements

GASB Statement No. 89 – *Accounting for Interest Cost Incurred Before the End of a Construction Period* was implemented during the fiscal year ended June 30, 2021. Interest cost incurred is now recognized as an expense in the period in which the cost incurred. Prior to implementation a portion of interest cost was capitalized as part of the historical cost of capital assets. There was no material impact to the financial statements as a result of the implementation of this standard.

Q) Future GASB Accounting Pronouncements

Statement No. 91	<i>"Conduit Debt Obligations"</i>	The requirements of this statement are effective for periods beginning after December 15, 2021. (FY 22/23)
Statement No. 93	<i>"Replacement of Interbank Offered Rates"</i>	The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)
Statement No. 94	<i>"Public-Private and Public-Public Partnerships and Availability Payment Arrangements"</i>	The requirements of this statement are effective for periods beginning after June 15, 2022. (FY 22/23)
Statement No. 96	<i>"Subscription-Based Information Technology Arrangements"</i>	The requirements of this statement are effective for periods beginning after June 15, 2022. (FY 22/23)

R) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 2 – Cash and Investments

As of June 30, 2021 and 2020 , the District had the following cash and investments on hand:

	<u>2021</u>	<u>2020</u>
Cash in banks and on hand	\$ 2,880,615	\$ 2,690,985
Cash with fiscal agent	2,350,262	20,101,623
Local Agency Investment Fund	<u>11,095,920</u>	<u>10,392,756</u>
Total cash and investments	<u>\$ 16,326,797</u>	<u>\$ 33,185,364</u>

Investments Authorized by the California Code and the District’s Investment Policy

The District’s investment policy only authorizes investment in the local government investment pool administered by the State of California (LAIF). The District’s investment policy generally limits deposits to the previous Federal Deposit Insurance Corporation (FDIC) determined limit of \$250,000. This limitation does not apply to LAIF or amounts held with fiscal agents. The District’s investment policy does not contain any specific provisions intended to limit the District’s exposure to interest rate risk or credit risk. Investments in LAIF are not rated by a national rating agency.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Information about the sensitivity of the fair values of the District’s investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District’s investments by maturity as of June 30, 2021 and 2020.

<u>2021</u>	<u>Carrying</u>	<u>12 Months</u>	<u>13-24</u>	<u>25-60</u>	<u>More than</u>

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 2 – Cash and Investments (Continued)

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code and the District’s investment policy, and the actual rating as of June 30, 2021 and 2020 for each investment type.

2021	Carrying Amount	Minimum Legal Rating	Exempt From Disclosure	Rating as of Fiscal Year End		
				AAA	Aa	Not Rated
Cash with fiscal agent	\$ 2,350,262	N/A	\$ -	\$ 2,350,262	\$ -	\$ -
Local Agency Investment Fund	11,095,920	N/A	11,095,920			
Total	\$13,446,182		\$ 11,095,920	\$ 2,350,262	\$ -	\$ -

2020	Carrying Amount	Minimum Legal Rating	Exempt From Disclosure	Rating as of Fiscal Year End		
				AAA	Aa	Not Rated
Cash with fiscal agent	\$20,101,623	N/A	\$ -	\$20,101,623	\$ -	\$ -
Local Agency Investment Fund	10,392,756	N/A	10,392,756			
Total	\$30,494,379		\$ 10,392,756	\$20,101,623	\$ -	\$ -

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total District investments (other than investments guaranteed by the U.S. Government or investments in external investment pools).

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District’s investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provisions for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the District’s deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 2 – Cash and Investments (Continued)

Custodial Credit Risk (Continued)

None of the District’s deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District’s investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government’s indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

Fair Value Measurements

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the District’s investment in this pool is reported in the accompanying basic financial statements at the amounts based upon the District’s pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. The District has no investments that are measured at fair value as of June 30, 2021 and 2020.

Note 3 - Restricted Cash and Investments

Restricted cash and investments consisted of the following at June 30, 2021 and 2020:

	<u>2021</u>	<u>2020</u>

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 5 – Long-Term Debt (Continued)

A) Revenue Certificates of Participation and Bonds

Series 2010A:

In March 2010, the District issued the Refunding Revenue (Capital Appreciation) Certificates of Participation, Series 2010A (“2010A COPs”) in the amount of \$8,475,844 with interest rates ranging from 5.75% to 6.86%. The Certificates were executed and delivered 1) to refund a portion of the outstanding aggregate principal amount of the 2006A COPs, constituting a portion of the 2006A COPs maturing on July 1, 2010 and each July 1 thereafter through July 1, 2015, inclusive, 2) to refund a portion of the District’s obligations under the Safe Drinking Water State Revolving Fund Contract #SRF99CX125 maturing on July 1, 2010 and each January and July 1 thereafter through July 1, 2017, inclusive, and 3) to fund certain improvements to the City of Santa Barbara’s Cater Water Treatment Plant which serves the District.

Prior to the maturity date, the 2010A COPs will accrete interest on the principal component, with all interest accreting through the applicable maturity date and payable only upon maturity or prior payment of the principal component. At June 30, 2020, \$7,726,466 in accreted interest had been accrued and included in long-term debt for the 2010A COPs.

In accordance with District’s refunding plan, \$1,079,808 was deposited with an escrow agent to provide for payment when due (through July 2015) of all principal and interest with respect to the 2006A Refunded Certificates. The total payments made on the 2006A Refunded Certificates from escrow funds was \$1,000,000 in principal and \$142,800 in interest. The refunding resulted in increased total debt service payments from \$1,142,800 to \$3,300,000, including only amounts related to the 2006A Refunded Certificates. This increased cash flow created an economic loss of approximately \$133,052 when discounted at the 2010A COPs’ effective interest rate of 6.61769%.

The District issued the Series 2020A Refunding Revenue Bond in March 2020 to refund the outstanding 2010A Bonds.

Series 2016A:

In May 2016, the District issued the Refunding Revenue Bonds, Series 2016A (“2016A Bonds”) with a principal amount of \$8,765,000 and premium of \$1,713,989 with interest rates ranging from 2% to 5%. The Bonds were executed and delivered 1) to refund the entire outstanding aggregate principal amount and interest of the 2006A COPs and 2) to refund a portion of the District’s obligations under the Safe Drinking Water State Revolving Fund Contract #SRF99CX125. The remaining obligations under the Safe Drinking Water State Revolving Fund Contract #SRF99CX125 were repaid by funds contributed by the District.

The refunding resulted in decreased total debt service payments from \$11,851,263 to \$10,302,396. This decreased cash flow created an economic gain of approximately \$1,344,787 when discounted at the 2016A Bonds’ effective interest rate of 1.8115713%. Total annual requirements to amortize the Series 2016A Bonds are as follows:

CARPINTERIA VALLEY WATER DISTRICT
NOTES TO FINANCIAL STATEMENTS

Note 5 – Long-Term Debt (Continued)

B) Cater Treatment Plant Expansion Project Financing Agreement

The District entered into a financing agreement with the City of Santa Barbara dated February 27, 2002, which requires the District to pay twenty percent of a loan obligation between the City of Santa Barbara and the California Drinking Water State Revolving Fund. The loan proceeds were used to finance certain improvements to the Cater Treatment Plant in order to meet new water quality standards imposed on public agencies. The loan provides for a 20 year loan amortization maturing on July 1, 2025, bearing an interest rate of approximately 2.5%. The improvements were completed in January 2005 and the District’s portion of the loan in the amount of \$3,580,170 was recorded on the statement of net position at June 30, 2005. The District is required to make semi-annual payments of interest and principal in the amount of \$114,425 payable to the City of Santa Barbara on December 15th and June 15th each year.

The annual requirements to amortize the Cater Treatment Plant Expansion financing agreement are as follows:

Fiscal Year End	Principal	Interest	Total
2022	\$ 106,709	\$ 10,879	\$ 117,588
2023	217,337	17,838	235,175
2024	222,674	12,501	235,175
2025	228,145	7,030	235,175
2026	116,166	1,420	117,586
	<u>\$ 891,031</u>	<u>\$ 49,668</u>	<u>\$ 940,699</u>

C) Siemens Master Lease Purchase Agreement

The District entered into a master lease agreement with Siemens Financial Services, Inc., on August 2, 2017, in the amount of \$6,468,856 to finance the replacement of all installed mechanical water meters with digital meters and the attendant remote reading and reporting infrastructure, installation of a solar carport and solar panels on a reservoir, and retrofit of all headquarter buildings with LED lights. The projected benefits of increased revenue collection due to more accurate meters and savings in electrical costs due to solar panel and LED lighting installations are projected to offset the total lease costs over the life of the lease. The District entered into a performance contracting agreement with Siemens Industry, Inc., to guarantee the projected cost savings. The lease payment period is fifteen years, commencing August 2018, with an annual amount of \$538,677 paid quarterly and an interest rate of 2.7525%.

D) Capital Lease Commitments

The District routinely leases equipment on an ongoing basis. In accordance with GASB Statement No. 87, Leases, lease agreements with terms greater than one year or that transfer ownership of the underlying asset are classified as leased assets, with a corresponding liability measured at the present value of payments to be made per lease terms. The following is a schedule showing the future minimum lease payments as of June 30, 2021:

Fiscal Year End	Principal	Interest	Total
2022	\$ 94,453	\$ 8,015	\$ 102,468
2023	96,357	5,189	101,546
2024	49,041	2,465	51,506
2025	45,183	846	46,029

	<u>\$ 304,089</u>	<u>\$ 16,568</u>	<u>\$ 320,657</u>

As of June 30, 2021, the cost of assets and related accumulated depreciation under the capital leases were as follows:

	Gross	Accumulated Depreciation	Balance June 30, 2021
Furnishings, Machinery, and Equipment	<u>509,273</u>	<u>(179,844)</u>	<u>329,429</u>

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 6 – Defined Benefit Pension Plan

General Information about the Pension Plans

Plan Descriptions – All qualified employees are eligible to participate in Carpinteria Valley Water District’s Miscellaneous Employee Pension Plans, cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees’ Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and local government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website. Eligible employees hired after January 1, 2013 that are considered new members as defined by the Public Employees’ Pension Reform Act (PEPRA) are participating in the PEPRA Miscellaneous Plan.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, as discussed above. Members with five years of total service are eligible to retire at age 50 or 52 if in the PEPRA Miscellaneous Plan with statutorily reduced benefits. An optional benefit regarding sick leave was adopted. Any unused sick leave accumulates at the time of retirement will be converted to credited service at a rate of .004 years of service for each day of sick leave. All members are eligible for non-duty disability benefits after 10 years of service. The system also provides for the Optional Settlement 2W Death Benefit. The cost of living adjustments for all plans are applied as specified by the Public Employees’ Retirement Law.

The Plans’ provisions and benefits in effect at June 30, 2021 are summarized as follows:

	Miscellaneous Plan - For the Year Ended June 30, 2021		
	Tier 1	Tier 2	PEPRA
Hire date	Prior to February 10, 2011	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	2% @ 55	2% @ 55	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 - 63	50 - 63	52 - Minimum
Monthly benefits, as a % of eligible compensation	1.4% to 2.4%	1.4% to 2.4%	1.0% to 2.5%
Required employee contribution rates	7.0%	7.0%	6.8%
Required employer contribution rates	11.0%	10.5%	7.7%
Required employer contribution rates for payment on all UAL amortization bases	31.7%	2.0%	0.4%

CARPINTERIA VALLEY WATER DISTRICT
NOTES TO FINANCIAL STATEMENTS

Note 6 – Defined Benefit Pension Plan (Continued)

The Plans’ provisions and benefits in effect at June 30, 2020 are summarized as follows:

	Miscellaneous Plan - For the Year Ended June 30, 2020		
	Tier 1	Tier 2	PEPRA
Hire date	Prior to February 10, 2011	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	2% @ 55	2% @ 55	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 - 63	50 - 63	52 - Minimum
Monthly benefits, as a % of eligible compensation	1.4% to 2.4%	1.4% to 2.4%	1.0% to 2.5%
Required employee contribution rates	7.0%	7.0%	6.3%
Required employer contribution rates	10.2%	9.7%	7.0%
Required employer contribution rates for payment on all UAL amortization bases	30.3%	2.0%	0.2%

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the years ended June 30, 2021 and 2020, the contributions recognized as part of pension expense for all Plans were as follows:

	Miscellaneous Plan	
	June 30, 2021	June 30, 2020
Contributions – employer	\$ 175,358	\$ 4,113,205

The net pension liability was paid down during fiscal year 2020 with proceeds from the Refunding Revenue Bonds, Series 2020B.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 6 – Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

The District’s net pension liability for all Plans is measured as the proportionate share of the net pension liability. As of June 30, 2021 and 2020, the District reported net pension liabilities for its proportionate shares of the net pension liability of all Plans as follows:

	Proportionate Share of Net Pension Liability	
	June 30, 2021	June 30, 2020
Miscellaneous	\$ 109,401	\$ 3,720,554

For the year ended June 30, 2021, the net pension liability of all of the Plans is measured as of June 30, 2020, and the total pension liability for all Plans used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures.

For the year ended June 30, 2020, the net pension liability of all of the Plans is measured as of June 30, 2019, and the total pension liability for all Plans used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures.

The District’s proportion of the net pension liability was based on a projection of their long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The District’s proportionate share of the net pension liability for all Plans with an actuarial valuation date of June 30, 2019 and 2018 was as follows:

	For the Year Ended June 30, 2021 (Measurement date of June 30, 2020)		For the Year Ended June 30, 2020 (Measurement date of June 30, 2019)
	Miscellaneous		Miscellaneous
Proportion – June 30, 2020	0.09291%	Proportion – June 30, 2019	0.09395%
Proportion – June 30, 2021	0.00259%	Proportion – June 30, 2020	0.09291%
Change – Increase (Decrease)	-0.09032%	Change – Increase (Decrease)	-0.00104%

For the years ended June 30, 2021 and 2020, the District recognized pension expense of \$615,875 and \$561,893, respectively. At June 30, 2021 and 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 6 – Defined Benefit Pension Plan (Continued)

	June 30, 2021		June 30, 2020	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 175,358	\$ -	\$ 4,113,205	\$ -
Differences between actual and expected experience	5,638	-	258,408	(20,021)
Changes in assumptions	-	(780)	177,413	(62,892)
Change in employer's proportion		(2,529,173)	18,317	(139,620)
Difference between the employer's contributions and the employer's proportionate share of contributions	2,662,751		223,851	-
Differences between projected and actual earnings on plan investments	3,250	-	-	(65,046)
	<u>\$ 2,846,997</u>	<u>\$ (2,529,953)</u>	<u>\$ 4,791,194</u>	<u>\$ (287,579)</u>

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

Employer contributions of \$175,358 reported at June 30, 2021 as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. During the fiscal year ended June 30, 2020, \$4,113,205 in deferred outflows of resources related to contributions subsequent to the measurement date was recognized as a reduction of the net pension liability in the year ended June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30:	
2022	\$ 27,632
2023	65,252
2024	47,244
2025	1,558

Note 6 – Defined Benefit Pension Plan (Continued)

Actuarial Assumptions – The total pension liabilities in the June 30, 2019 and 2018 actuarial valuations were determined using the following actuarial assumptions:

	For the Year Ended June 30, 2021		For the Year Ended June 30, 2020	
	Miscellaneous		Miscellaneous	
Valuation Date		June 30, 2019		June 30, 2018
Measurement Date		June 30, 2020		June 30, 2019
Actual Cost Method	Entry Age Normal Cost Method in accordance with the requirements of GASB Statement No. 68		Entry Age Normal Cost Method in accordance with the requirements of GASB Statement No. 68	
Actuarial Assumptions				
Discount Rate		7.15%		7.15%
Inflation		2.50%		2.50%
Payroll Growth		2.75%		2.75%
Projected Salary Increase	Varies by entry age and service (1)		Varies by entry age and service (1)	
Investment Rate of Return		7.15% (2)		7.15% (2)
Mortality	Derived using CalPERS Membership Data for all Funds		Derived using CalPERS Membership Data for all Funds	
Post Retirement Benefit Increase	Contract COLA up to 2.5% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.5% thereafter		Contract COLA up to 2.5% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.5% thereafter	

(1) Depending on age, service and type of employment

(2) Net of pension plan investment and administrative expenses, including inflation

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Change of Assumptions and Methods - During the measurement periods ended June 30, 2020 and 2019 there were no changes of assumptions.

Discount Rate – The discount rate used to measure the total pension liability was 7.15% for the measurement periods ending June 30, 2020 and 2019. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-term Expected Rate of Return – The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 6 – Defined Benefit Pension Plan (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds’ asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

The tables below reflect the long-term expected real rate of return by asset class at June 30, 2021 and 2020, respectively.

Asset Class	June 30, 2021 (Measurement date June 30, 2020)			June 30, 2020 (Measurement date June 30, 2019)		
	Net Strategic Allocation	Real Return Years 1-10 (a)	Real Return Years 11+ (b)	Net Strategic Allocation	Real Return Years 1-10 (a)	Real Return Years 11+ (b)

Net Pension Liability	\$ (1,278,530)	Net Pension Liability	\$ 2,335,275

Pension Plan Fiduciary Net Position – Detailed information about all pension plan fiduciary net positions is available in the separately issued CalPERS financial reports.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 7 – Post-Employment Health Care Benefits

Plan Description

The District provides retiree medical, dental, vision, and prescription drug coverage to current and future eligible retirees under a single-employer plan. Under the Plan, retired employees who attain age 60 with at least 20 years of service are eligible to receive benefits. Spouses may elect to continue coverage at their own expense.

Benefits Provided

The contribution requirements of plan members and the District are established and may be amended by the District and its Board of Directors. The required contribution is based on projected pay-as-you-go financing requirements. Employees pay a portion of their monthly premium and the District contributes up to 5% of a retiree’s CalPERS benefit toward the cost of medical coverage for post-65 retirees.

Employees Covered

At the OPEB liability measurement date of the June 30, 2021, the following employees were covered by the benefit terms:

Active and Fully Vested Eligible to Retire	0
Active and Terminated Vested Not Yet Fully Eligible to Retire	17
Retires	7
Total	<u>24</u>

Contributions

The contribution requirements of plan members and the District are established and may be amended by the District Board. These contributions are neither mandated nor guaranteed. The District has retained the right to unilaterally modify its payment for retiree health care benefits. For the fiscal years ended June 30, 2021 and 2020, the District contributed \$16,118 and \$14,749, respectively. Employees are not required to contribute to the OPEB Plan.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 7 – Post-Employment Health Care Benefits (Continued)

Net OPEB Liability and Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

	OPEB Plan

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 7 – Post-Employment Health Care Benefits (Continued)

Discount Rate

The discount rate used to measure the total OPEB liability as 1.86%. The projection of cash flows used to determine the discount rate assumed that District contributions will be sufficient to fully fund the obligation over a period not to exceed 30 years. Based on those assumptions, the OPEB Plan’s fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Assumption Changes

The discount rate was decreased from 3.36% to 1.86% for the measurement period ending June 30, 2021.

Changes in the Net OPEB Liability

The District accrued the net OPEB liability of \$992,812 and \$740,597 as of June 30, 2021 and 2020, which is included on the statement of net position. The following table shows the components of the District’s annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the District’s net OPEB liability for plan benefits for the years ended June 30, 2021 and 2020:

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB (Asset)/Liability (a) - (b)

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2021 and 2020, the District recognized OPEB expense of \$80,116 and \$34,666, respectively.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 7 – Post-Employment Health Care Benefits (Continued)

As of the fiscal year ended June 30, 2021 and 2020, the District reported deferred outflows of resources and deferred inflows or resources related to OPEB from the following sources:

	June 30, 2021		June 30, 2020	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 7,904	\$ -	\$ -	\$ -
Changes in assumptions	180,313	-	-	-
Net differences between projected and actual earnings on plan investments	-	-	-	-
Total	\$ 188,217	\$ -	\$ -	\$ -

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as expense as follows:

Fiscal Year Ended June 30:	
2022	\$ 10,456
2023	10,456
2024	10,456
2025	10,456
2026	10,456
Thereafter	135,937
	<u>\$ 188,217</u>

Note 8 – Deferred Compensation Plan

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits participating employees to defer a portion of their salary until future years. The District matches employee contributions up to 2.5% of a contributing employee’s annual salary. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

On June 8, 1997 the District amended the plan in accordance with the provisions of IRC Section 457(g). On that date, assets of the plan were placed in trust for the exclusive benefit of participants and their beneficiaries. The requirements of that IRC Section prescribes that the District no longer owns the amounts deferred by employees, including the related income on those amounts. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets, are not included in the District’s financial statements. Contributions to the Plan for the years ended June 30, 2021 and 2020 were \$34,162 and \$ 36,170, respectively.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 9 – Lease Obligations

The District has lease obligations for two of its well sites. The High School Well lease, dated March 1, 1989 and amended April 23, 2008 is for a term of thirty years, terminating July 1, 2030. There are no lease payments associated with this lease. In return the District provides the Carpinteria Unified School District with the irrigation water rate for specific water accounts.

During 2011, the District purchased a permanent easement from the City for the land that contains the El Carro Well. Prior to the purchase of the easement, the District had a lease with the City, dated November 16, 1990, for the useful life of the well. As “in-lieu of rent” for the first twenty year period, the District installed, at a cost of \$40,085, water line and fire hydrant facilities to accommodate future development of the property adjoining the well site.

Note 10 – Cachuma Project Authority

This joint exercise of powers authority was created by the participating agencies for the purpose of renegotiating with the United States Bureau of Reclamation (USBR) the contract for the operation of the Cachuma reservoir. Through the authority, the agencies collectively issued revenue bonds to refinance certain obligations each agency had incurred to finance its share of the expansion of the shared Water Treatment Plant.

The Cachuma Project Authority successfully renegotiated a contract with the USBR. The Authority, effective September 30, 1996 merged into the Cachuma Operations and Maintenance Board (COMB), which is responsible for all operational aspects of the Cachuma reservoir. All assets and liabilities of the Authority were transferred to COMB. The District continues to contribute its share of the operating expenses. The accumulated contract renegotiation costs are being amortized over the term of the new contract, which is twenty-five years. The Cachuma Master Contract was renewed in 2020 and extended to 2023.

Note 11 – Joint Powers Insurance Authority

The District participates in the property and liability program organized by the Association of California Water Agencies/Joint Powers Insurance Authority ("ACWA/JPIA"). ACWA/JPIA is a Joint Powers Authority created to provide a self-insurance program to water agencies in the State of California. The ACWA/JPIA is not a component unit of the District for financial reporting purposes, as explained below.

ACWA/JPIA provides liability, property and workers' compensation insurance for approximately 265 water agencies for losses in excess of the member districts' specified self-insurance retention levels. Individual claims (and aggregate public liability and property claims) in excess of specified levels are covered by excess insurance policies purchased from commercial carriers. ACWA/JPIA is governed by a separate board comprised of members from participating districts. The board controls the operations of ACWA/JPIA, including selection of management and approval of operating budgets, independent of any influence by the members beyond their representation on the board. Each member shares surpluses and deficiencies proportionately to its participation in ACWA/JPIA.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 11 – Joint Powers Insurance Authority (Continued)

Based on financial information at September 30, 2020 and 2019, ACWA/JPIA had a net position of \$123,687,207 and \$98,934,502, respectively. The District paid premiums of \$ 73,990 and \$ 61,587 to ACWA/JPIA for property and liability insurance, and \$66,218 and \$60,803 for workers' compensation during the years ended June 30, 2021 and 2020, respectively.

Note 12 – Commitments and Contingencies

A) Central Coast Water Authority

In 1991, the voters of the District elected to participate in the State Water Project (SWP). As a result, the District joined in the formation of the Central Coast Water Authority (CCWA) in August 1991. The purpose of the Central Coast Water Authority is to provide for the financing, construction, operation, and maintenance of certain local (non-state owned) facilities required to deliver water from the SWP to certain water purveyors and users in Santa Barbara County.

Each project participant, including the District, has entered into a Water Supply Agreement to provide for the development, financing, construction, operation and maintenance of the CCWA Project. The purpose of the Water Supply Agreement is to assist in carrying out the purposes of CCWA with respect to the CCWA Project by:

- 1) requiring CCWA to sell, and the project participants to buy, a specified amount of water from CCWA ("take or pay"); and
- 2) assigning the Santa Barbara project participant's entitlement rights in the State Water project to CCWA.

Although the District does have an ongoing financial interest pursuant to the Water Supply Agreement between the District and CCWA, the District does not have an equity interest as defined by GASB Code Sec. J50.105.

Each project participant is required to pay to CCWA an amount equal to its share of the total cost of "fixed project costs" and certain other costs in the proportion established in the Water Supply Agreement. This includes the project participant's share of payments to the State Department of Water Resources (DWR) under the State Water Supply Contract (including capital, operation, maintenance, power and replacement costs of the DWR facilities), debt service on CCWA bonds and all CCWA operating and administrative costs.

Each project participant is required to make payments under its Water Supply Agreement solely from the revenues of its water system. Each project participant has agreed in its Water Supply Agreement to fix, prescribe and collect rates and charges for its water system which will be at least sufficient to yield each fiscal year net revenues equal to 125% of the sum of (1) the payment required pursuant to the Water Supply Agreement, and (2) debt service on any existing participant obligation for which revenues are also pledged.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 12 – Commitments and Contingencies (Continued)

A) Central Coast Water Authority (Continued)

CCWA is composed of eight members, all of which are public agencies. CCWA was organized and exists under a joint exercise of power agreement among the various participating public agencies. The Board of Directors is made up of one representative from each participating entity. Votes on the Board are approximately apportioned between the entities based upon each entity’s allocation of State water entitlement. The Carpinteria Valley Water District share of the project, based upon number of acre-feet of water, is 10.487%.

Operating and capital expenses are allocated among the members based upon various formulas recognizing the benefits of the various project components to each member.

On October 1, 1992, CCWA sold \$177,120,000 in revenue bonds at a true interest cost of 6.64% to enable CCWA to finance a portion of the costs of constructing a water treatment plant to treat State water for use by various participating water purveyors and users within Santa Barbara and San Luis Obispo Counties, a transmission system to deliver such water to the participating water purveyors and users within Santa Barbara County, and certain local improvements to the water systems of some of the participating purveyors.

In November 1996, CCWA sold \$198,015,000 of revenue bonds at a true interest cost of 5.55% to defease CCWA’s \$177,120,000 1992 revenue bonds and to pay certain costs of issuing the bonds. The 1996 bonds were issued in two series: Series A of \$173,015,000 and Series B of \$25,000,000. The Series B bonds are subject to mandatory redemption from amounts transferred from the Construction Fund and the Reserve Fund upon completion of the construction of CCWA facilities.

In August 2006, CCWA issued the Series 2006A Refunding Revenue Bonds for \$123,190,000 at a true interest cost of 4.24% to defease the 1996 Revenue Bonds. A portion of the bond proceeds together with other funds were placed into an escrow account invested in securities which will provide sufficient funds to pay the regularly scheduled principal of and interest on the refunded bonds on October 1, 2006, and to pay on October 3, 2006 the principal of and accrued interest to the date of redemption, and redemption premium, if any, on the refunded bonds maturing on and after October 1, 2006. On July 21, 2016 the 2006A Refunding Revenue Bonds were refunded. The Carpinteria Valley Water District estimated minimum State water payments for the next five fiscal years are summarized below:

Fiscal Year Ending June 30,	Fixed Costs	Variable Costs	Debt Service	Total
2022	\$ 2,420,428	\$ 909,293	\$ 1,017,223	\$ 4,346,944
2023	2,688,993	1,024,546	-	3,713,539
2024	2,692,308	1,071,897	-	3,764,205
2025	2,751,081	1,121,615	-	3,872,696
2026	2,711,917	1,173,817	-	3,885,734
Thereafter (through 2035)	26,321,153	-	-	26,321,153
Total	<u>\$ 39,585,880</u>	<u>\$ 5,301,168</u>	<u>\$ 1,017,223</u>	<u>\$ 45,904,271</u>

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 12 – Commitments and Contingencies (Continued)

B) Cater Advanced Treatment Project

The City of Santa Barbara made improvements to the Cater Treatment Plant with a total estimated cost of approximately \$20,000,000. The project was completed during 2014 and began amortization during the year ended June 30, 2015. As of June 30, 2021 and 2020, the District’s portion of the expenditures incurred amounted to approximately \$4,328,000.

C) Ortega Reservoir

The Ortega Reservoir has construction defects to its basin. Although the reservoir is not a capital asset of the District, the District, along with Montecito Water District, will be required to pay for the repairs, which may be significant. The total cost of the repairs cannot be estimated.

D) Bradbury Dam

The District, as a member of the Cachuma Operations and Maintenance Board (COMB), is responsible for a portion of costs associated with certain capital improvements to the Bradbury Dam. The improvements are required to meet certain earthquake and seismic safety standards imposed by public agencies. Pursuant the “Bradbury Dam SOD ACT Repayment Agreement”, between COMB and the Bureau of Reclamation, the District will be required to make annual payments of \$18,037 commencing October 2002 through 2015, annual payments of \$28,649 commencing October 2016 through 2026 and annual payments of \$10,612 commencing October 2027 through 2051 to finance the project.

The District’s future obligations are as follows:

Fiscal Year Ending	Amount
<u>June 30,</u>	
2022	\$ 28,649
2023	28,649
2024	28,649
2025	28,649
2026	28,649
Thereafter (through 2035)	265,300
	<u>\$ 408,545</u>

E) Water Purchase Agreement

On May 16, 2019, the District entered into a Supplemental Water Purchase Program Participation Agreement in which the District purchased 1,333 acre feet of water for \$426,560. As part of the agreement the district is obligated to return 333 acre feet of water over the next ten years and to pay the associated State Water Project transportation charges in effect at the time of the return. The obligation was met in August 2019.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 12 – Commitments and Contingencies (Continued)

F) Siemens Master Lease Purchase Agreement

The District entered into a master lease agreement with Siemens Financial Services, Inc., on August 2, 2017, in the amount of \$6,468,856 to finance the replacement of all installed mechanical water meters with digital meters with remote read and reporting capabilities, the installation of a solar carport and solar panels on a reservoir, and the replacement of all headquarter buildings with LED lights (see Note 5). The projected benefits of increased revenue collection more accurate meters and savings in electrical costs due to solar panel and LED lighting installations are projected to offset the total lease costs over the life of the lease. The District entered into a performance contracting agreement with Siemens Industry, Inc., to guarantee the projected cost savings.

Under the performance contracting agreement, the District will pay annual fees to Siemens Industry, Inc., for measuring and verifying cost savings.

June 30,	Amount
2022	\$ 27,346
2023	27,935
2024	-
2025	-
2026	-
	<u>\$ 55,281</u>

G) Construction Commitments

The District has various ongoing contracts for construction in process at June 30, 2021 as follows:

Project Description	Date Approved	Contract Amount	Cost Incurred June 30, 2021	Remaining Balance at June 30, 2021
GWR Prelim Design, CEQA, Permitting	06/27/18	\$ 1,307,752	\$ 1,293,161	\$ 14,591
Hydrogeologic Services for GSP	07/08/20	418,800	116,713	302,087
Hydrogeologic Services for GSP	07/08/20	370,000	14,639	355,361
RMA Bridge Replacement	07/08/20	1,364,933	1,188,120	176,813
Hydrogeologic Services for GSP	07/22/20	194,500	30,513	163,987
Modeling Services for GSP Development	07/22/20	186,070	19,090	166,980
Office Remodel	04/28/21	83,000	38,177	44,823
SCC Lateral Valve Replacement	04/28/21	65,000	23,784	41,216
		<u>\$ 3,990,055</u>	<u>\$ 2,724,197</u>	<u>\$ 1,265,858</u>

At June 30, 2021, the District had \$118,812 of retainage payable related to the above open contracts. Also included with retainage payable at June 30, 2021 and 2020, was \$64,657 related to completed contracts. In addition, accounts payable included approximately \$425,000 related to costs incurred on open contracts at June 30, 2021.

CARPINTERIA VALLEY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

Note 13 – Business Risk

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the District operates. It is unknown how long these conditions will last and what the complete financial effect will be to the District. The inherent risk and volatility of financial markets during the pandemic make it reasonably possible that the District is vulnerable to the risk of a near-term impact.

Note 14 – Subsequent Events

Subsequent events have been evaluated through December 8, 2021, the date that the financial statements were available to be issued.
